THIRTY DEAD AND 200 INJURED.

Fatalities of the Louisiana Tornado Greater Than First Tornado.
SHREVEPORT, La., May 14.—Thirty dead and 200 injured is a conservative estimate of the fatalities caused by the tornado which swept through Northern Louisiana yesterday evening, destroying three small towns and leaving wrecked houses and ruined crops in a path a mile wide and fifty miles long. The dead at Shreveport, which had about 200 inhabitants, number thirteen, while at Bolinger the known death list is five. At Bolinger several houses were destroyed, and it is not known how many people perished. Several of the dead were brought to Shreveport on the relief train from Shreveport this morning, and the hospitals and sanitariums are crowded with injured, several of whom will die.
A. Lampkin, a farmer living in the country near Gilliam, La., was killed, together with his wife and four children. The injured at Bolinger number about forty persons.
Only two houses were left at Gilliam, where the force of the storm was greatest. Of the seven members of the Gardner family, none escaped without injury. Mrs. Gardner was killed by the falling timbers of her home, and the other members of the family were bruised. A flood of rain following the tornado made the work of rescue difficult.

YEAR'S WORK FOR RICHMOND'S POOR

Annual Report of Superintendent of Public Charities Issued by Printer Yesterday.

The annual report of the Superintendent of Public Charities for the year 1907 came from the hands of the printer yesterday, and shows many interesting facts in regard to the working of the City Almshouse and the care of the city's poor elsewhere. In the City Home proper during the twelve months 1,466 persons received the benefits of the institution. Of these, 1,073 were born in the City Almshouse, 1,063 were discharged, 163 died, and 240 remained at the close of the year. The annual average of inmates per day was 232, and the cost of each inmate for the year was \$123.32. The cost of subsistence per day was \$9.11.

The Outdoor Poor.

In the care of the outdoor poor of the city 2,097 loads of wood were distributed, and 1,225 loads of coal. In rations, 2,017 bushels of meal were distributed, with thirty-six No. 1 sick rations.

Prescriptions to the number of 5,779 were compounded at the dispensary, exclusive of the dispensaries of the medical colleges. In addition to these, 2,253 persons were treated at the City Home Dispensary and medicines and dressings were furnished free.

Shots were distributed to over 900 persons, coffins furnished at the expense of the city for 192 burials, and 151 interments were conducted at the city's expense. The city ambulance responded to 1,834 calls in all parts of the city.

While noting an increase in the cost of food, clothing, medicines, etc., the superintendent states that there has been an improvement in the quality, and that the quantity has also been greater. Better clothing has been furnished.

His Recommendations.

Mr. Davis strongly recommends an additional resident physician, as urged by the board of directors. Four extra nurses in the hospital, a fireman, an assistant at the laundry, a good cook at increased salary, an officers' table, two permanent ambulances, which will necessitate another driver, and an increase of pay to the night watchman.

Padded cells are needed for the temporary keeping of the insane. The importance of providing two separate buildings in the rear of the present home, for use by consumptives, is emphasized, this disease having carried off more than twice as many inmates as any other not including old age. The ambulance work is reported to be steadily on the increase and the annexed territory, with the long trips from the home on Second Street, makes it necessary to equip the station with an additional wagon. In discussing the work of the institution, Mr. Davis says the superintendent should have full power in appointing his officers and employees, and should not be handicapped by undue influence. No subordinate should be elected without his recommendations.

Bad Time for Johnson.

W. H. Page, colored, was arrested last night on a charge of assaulting, striking, abusing, cursing and hitting with a hammer one Fletcher Johnson. While all this was happening, James Page, son of William H., got busy and beat Fletcher over the head. Then Police Officer Carver came along and took all hands to the station house.

EXHUME BODY SECOND TIME

Mrs. Johnson Now Believes Remains Are Those of Her Son.

Henrico News.

For the second time since its interment in the Potter's field, an unidentified body, taken from James River some time ago, near Haxall Station, will be exhumed.

At the request of Mrs. Gordon, who could not rest because she thought the body was that of her son, who had been missing for a long time, the remains were dug up some weeks ago. Now Mrs. N. L. Johnson, a widow, living at No. 1725 East Main Street, feels sure that the bones are those of her son, who was last seen on March 13th in Manchester. She has heard nothing from him since that date, when he told her he was going to Washington, and now believes he is dead. He was with a notorious tough when he left, and Mrs. Johnson says he was either accidentally killed or murdered. Yesterday morning she secured permission from Sheriff L. H. Kemp, of Henrico, to disinter the body. When the boy was six years old he fell, striking his head and fracturing his skull. If the body is that of Johnson she will be able to identify it by this mark and by the teeth.

Condition of Mrs. Garnett.

Up to this time the doctors have been unable to decide whether or not the accident to Mrs. R. C. Garnett, on the steamer Pocahontas on Wednesday afternoon resulted in a fracture or a dislocation of the shoulder. She has been made comfortable, however, and will be taken on Monday to the Virginia Hospital, where she will be placed under the X-ray.

Mrs. Garnett desires to thank the passengers on the boat and the officers of the company for their kindness.

Everything possible was done for her comfort and the relief of her suffering. Mr. Weisger had the Pocahontas stopped at City Point and went ashore to telephone for a carriage. Drs. Michaux and Gordon were continually at her side until after she had been taken home.

Four Go to Jail.

Charles Caye, Robert Nelson, Wallace Stevens and J. R. Moore were fined \$250 each by Magistrate Lewis yesterday morning for trespassing on the property of the Richmond, Fredericksburg and Potomac Railway. The arrests were made by Detective J. S. Dunnington. The men could not pay the fine and are still in jail.

Spouse Sentenced.

George Sprouse, a young white man, has been sentenced to jail for thirty days by Magistrate Lewis for the theft of \$3 from his employer, L. D. Ellis, a dry-goods store in the city. Sprouse noted an appeal to the Circuit Court, but was committed to jail in default of bondsmen.

THOUSANDS VISIT ELECTRICAL DEMONSTRATION IN JURGEN'S.

During the five days that Miss Winifred Potts has been giving practical demonstrations in household economy, comfort and convenience in cooking, the electrical way, in Jurgen's furniture store, at least 5,000 interested housekeepers have visited the demonstration. Fred Jurgen, proprietor of the store, says that as a conservative estimate, as at least that many have called during the hours Miss Potts is giving her instructions to callers.

That Miss Potts's efforts to benefit Richmond ladies have been appreciated is attested by the fact that she has been called and learned from her demonstrations.

FELT HAND IN HIS POCKET; HELD IT
Mr. Taylor Grabbed Man on Street Car and Turned Him Over to Police.

Pickpockets who came to Richmond to reap a harvest during the Deep Run horse show and races have fallen on hard lines, according to the story told by the police. George Cadigan, arrested as a suspicious character, was in court yesterday morning on the charge of picking the pockets of Mr. Walter Snyder, who testified that he caught a man in the act of robbing him. He attempted to grab the thief, and called for the police. The man who had been arrested, and turned him over to Officers Schiller and Tate. Justice Crutchfield placed Cadigan, who claims to be from Norfolk, under security in the sum of \$1,000 for his good behavior for twelve months.

Mr. Wirt E. Taylor discovered a man trying to rob him on a Main Street car a little after midday yesterday, while on his way home to dinner. The thief was assisted by two jostlers, who escaped. Just as one of them knocked against Mr. Taylor in an effort apparently to leave the car, the victim felt a hand go down into his pocket. He seized the man and held fast for several blocks, turning him over to Officer Matthews on Seventh and Main Streets. At the station house the prisoner said that his name was Charles W. Lea, and that he was born in Richmond. The police are investigating the story.

THE HART-M'KEE DIVORCE

Husband and Wife Both to Blame—Custody of Child Given to Mother.

PARIS, May 14.—The court to-day granted the Hart-McKee divorce, finding that both Mr. and Mrs. McKee had contributed to the unhappiness of their household. Mrs. McKee is given the custody of their child, with the provision that Mr. McKee be allowed to have the child one month yearly, as well as being permitted to see it twice a week, if living in the same city or town. The court also found that Mr. McKee charges that Colonel Butler and Mrs. McKee, his daughter, had inspired libellous articles against him in the American newspapers were not proved, and dismissed the case.

Mr. McKee was ordered to contribute \$100 per month for the support of his child. The divorce suit was brought in this city by Mrs. A. Hart McKee, formerly Mrs. Hugh Tevis.

The court was of the opinion that a reconciliation between the McKees was impossible, so a separation was the wisest thing. It found the husband guilty of violence and of having committed grave wrongs towards his wife, saying he had yielded on the slightest provocation to the impulses of his vicious nature. He had aggravated these wrongs by bringing charges against his wife which he could not prove, as well as by having read in court his wife's love letters, which "elementary decency should have prevented him from making public."

The court found that the wife, on
